Test ID: T2026-11-23 · Monday, 23 November 2026

Naam: _____ Samay: 60 min Marks: ___ / 40

Slot: 60 min

All questions are compulsory. Section C has an internal choice.
Write answers within the word limit.
Book closed for all sections.

Section A · Reading (unseen passage)

1. Read the passage and answer the questions.

> Every Saturday morning, a small blue van stops at the edge of Rampur village. Its sides open like a cupboard, and inside are shelves full of books — stories, comics, science magazines and books in Hindi, English and Marathi. This is the village's "library on wheels", started three years ago by a retired schoolteacher, Mrs. Kulkarni.
>
> At first, only a handful of children came. Many parents felt that reading storybooks was a waste of time when there was farm work to be done. Mrs. Kulkarni did not argue. Instead, she began reading aloud under the neem tree. Soon, mothers and grandparents stopped to listen too. Within a year, more than eighty people had library cards, and the oldest member was a seventy-year-old farmer who had just learnt to read.
>
> Teachers in the village school say that children who borrow books regularly now write better and ask more questions in class. Mrs. Kulkarni smiles when she hears this. "Books do not ask whether you are rich or poor, young or old," she says. "They only ask you to open them."

(i) The "library on wheels" was started by: (a) the village school (b) a retired teacher (c) the panchayat (d) a farmer
(ii) Why did many parents not send their children at first? (a) The van came too early (b) Books were expensive (c) They felt reading storybooks wasted time needed for farm work (d) The books were only in English
(iii) The word "handful" in paragraph 2 means: (a) a small number (b) a full hand (c) a large crowd (d) a few books
(iv) Which of these is an **opinion**, not a fact? (a) The van stops every Saturday. (b) More than eighty people had library cards. (c) Reading storybooks is a waste of time. (d) The oldest member was seventy.
